HISTORY

While serving as a pilot for the U.S. Air Force and NASA, Carol Danvers became involved with Captain Mar-Vell, a super-powered visitor from the Kree Empire, and was caught in an explosion that she thought gave her super-powers too. She later discovered that the blast activated the Kree DNA she was previously unaware she'd inherited from her mother. Danvers joined the Avengers, but lost her powers to Rogue. Over the years, she has struggled with fluctuating power levels, alcoholism and low self-confidence, but after using the names Binary, Warbird and Ms. Marvel, Danvers claimed the Captain Marvel name to honor Mar-Vell, who had died of cancer.

PERSONALITY

Danvers is a strong-willed and pragmatic person who has embraced her role as a mentor to younger heroes like the new Ms. Marvel (Kamala Khan). She cares for her friends deeply and does whatever it takes to protect them and the worlds in which they live.
