HISTORY

Born in an alternate universe (Earth-1610), high-school student Miles Morales was bitten by a genetically modified spider that granted him amazing spiderlike abilities. After witnessing the death of his universe's Spider-Man (Peter Parker), Morales decided to take on the hero's mantle and become the new Spider-Man.

When Morales' universe was destroyed, he managed to escape to the main Marvel Universe (Earth-616), and the Molecule Man integrated Morales' past life and family into his new home, restoring some of them to life. Today, Morales attends the Brooklyn Visions Academy and adventures alongside the original Spider-Man, the Order of the Web (a team of Spider-Man-related heroes) and the Champions (a team of teenaged heroes), as well as establishing himself as a hero all his own.

PERSONALITY

Morales is an excellent student and a loyal friend. He remembers little of his old life on Earth-1610, but he is dedicated to making the most of his second chances on Earth-616 with his family. He looks up to Peter Parker as a mentor, but at the same time, he is determined to carve out his own path and become his own kind of hero.
