HISTORY

As a teenager growing up in New York, Brock Rumlow killed two boys in a gang-related conflict. After fleeing the authorities, he began training as a mercenary with the Taskmaster Technical School for criminals.

As an adult, Crossbones has found his work primarily as a hired killer for the Red Skull and Hydra. His superhuman strength and speed, combined with his cruel nature, has made him almost as formidable a foe as the Skull himself. During the first Superhuman Civil War, Rumlow successfully pulled off the Red Skull's plot to assassinate Captain America, temporarily putting the first Avenger out of commission.

PERSONALITY

Crossbones carries himself in the manner of a classic hard-talking, no-nonsense military man. He is a ruthless mercenary who lives for the rush of battle. His deep-seated belief that might makes right regularly puts him into conflict with defenders of the weak. He is loyal to no one but his longtime girlfriend—the Red Skull's daughter, Sin.
