HISTORY

Born in a religious community on an inhospitable planet, Gorr's life was marked by misfortune and starvation. As a child, he had to watch his parents die. As an adult, he formed his own family only to see them too be picked off one by one.

Gorr came to doubt the existence of the gods and was on the verge of giving up his faith altogether when a chance encounter with the dark god Knull imbued him with power of All-Black the Necrosword. Newly empowered, Gorr vowed to take revenge on the gods who had neglected him so.

PERSONALITY

Gorr believes that the universe would be better off without gods, who all sat around in luxury while the people of his planet suffered. Why should they get to continue living while his own family had to die?

As powerful as he is vengeful, Gorr's quest for the complete eradication of the gods has only ever been hampered by the thunder god Thor—and by his own self-doubt.
