BIOGRAPHY

Real Name: Otto Octavius

Height: 5'9" **Weight:** 245 lbs.

Gender: Male

Eyes: Brown **Hair:** Brown

Size: Average

Distinguishing Features: Four mechanical arms

Occupation: Scientist

Origin: High Tech, Weird Science

Teams: Masters of Evil, Sinister Six

Base: New York City

HISTORY

Everything changed for brilliant scientist Otto Octavius after a lab experiment gone wrong drove him mad and left him with mental control of four mechanicals arms. With these powerful limbs at his disposal, Octavius decided to finance his future research through crime, becoming the super villain Doctor Octopus.

Doc Ock's life has been intertwined with that of his one-time admirer Peter Parker (Spider-Man). Ock has fought Spider-Man countless times, romanced Parker's Aunt May and even become Parker himself for a brief period. As more multi-versal variants of Spider-Man appear, more versions of Doc Ock have also manifested themselves.

PERSONALITY

Doctor Octopus is a Grade-A narcissist. He considers his scientific endeavors to be of the greatest importance to humanity, and he is not above robbing, hurting and even killing others in the pursuit of his research.
